**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Just when the Internet becomes near reasonably priced we get hit with more high costs and less service. As a small business owner and frequent streaming user I am voicing a strong support for competitive providers. As traditional snail mail and telephone service jobs fall to the onslaught of technological "improvements" I will be looking to find more significant savings in the cost of service. We need fair competition in the providers to keep the prices down.
